**LETTER**

Dear Director Young:

Thank you very much for the courtesy of a telephone discussion on April 10, 2007 regarding the status of S/N 10/007,393 filed October 26, 2001 (Hochman et al).

The inventors and I appreciate your willingness to review the status of the pending application and your commitment to the expeditious review of the office action amendment filed March 22, 2006. In conformity with the details of our discussion, we now anticipate receipt of the response to the office action amendment within two to four weeks (April 24 to May 8, 2007).

As we discussed, the year that has passed since the filing of the office action amendment has been a harmful delay to the inventors and to their company. With this in mind, we also thank you for your commitment to contact me immediately should there be any issues which require discussion in order to expedite issuance of a response to the March 2006 amendment.

Very truly yours,

  
Robert W. Becker
